

Clinch Valley News.

FRIDAY, SEP. 6, 1889.

LOCAL AND GENERAL NEWS BRIEFS.

Miss Jennie Pobst has passed the crisis in a case of typhoid fever.

Snow Flake Flour is the best. Sold by Buxton & Son for \$5.00.

Miss Sallie Baldwin, of Bluefield, was in the city during the week visiting friends.

Henry Stuart, a future governor of Virginia, was up from Russell during the week.

Mr. Frank Hopkins and wife, of Prestonsburg, Ky., are visiting relatives in the county.

Miss Kate Groseclose, of Marion, spent a few days of the week with Misses Josie and Kate Kelly.

Dr. J. T. Cooley will leave to-morrow for Baltimore. His patients may expect his return in about a week.

Drs. Estill and Gildersleeve attended the meeting of the Medical Association of Virginia at Roanoke on the 3d.

Beau Buchanan bought goods at lightning speed and is back again at the old stand of Buchanan, Harrison & Co.

In Boots and Shoes, Buchanan, Harrison & Co. have a good, honest stock, and they will be sold at walking prices.

A wedding party, Mr. George Ward and bride, nee Miss Annie Mosely, of Buckingham, stopped in the city Monday, when they left for the Cove.

Mr. J. E. Warden, manipulator of type in the Index office and a little gentleman withal, laid aside his stick this week to visit his home in Wytheville.

Buchanan, Harrison & Co. carry a general line of goods and every department is kept up to the standard though they cannot enter here into descriptive detail. The custom will be apt to find anything called for.

Miss Sallie Bowen, the charming daughter of Mr. Rees T. Bowen, of the Cove, who has been visiting friends and relatives in town during the week, left for her home yesterday much to the regret of her many friends here.

Buchanan, Harrison & Co. have done well again in their selection of clothing for the fall and winter. On these goods the same low prices will prevail as of last year, so that a suit of clothes may be a luxury as well as a necessity. As an adjunct to this department a full line of Gents' Furnishing Goods is carried.

Mr. Jno. Young has purchased both the residence and store property of Esq. A. P. Brown, and will take possession Jan. 1st. In the meantime he and Mr. Samuel Kelly become successors to Messrs. A. P. Brown & Son in the mercantile business; which they will push with vigor.

The Virginia Medical Society held its annual meeting in Roanoke this week. It was a large and intelligent body, and many matters of interest to the profession were discussed. Dr. Oscar Wiley, of Salem, was elected president, and Dr. J. M. Estill, of Tazewell, first vice president. The next annual meeting will be held at Rockbridge Alum Springs.

Burks Garden is the greatest place in the world for toney picnics, and the one had on Saturday last is reported a success as usual. The editor is not unmindful of the invitations extended him on these occasions and will always take especial pleasure in publishing reports of same.

In buying our fall stock, we have purchased and are receiving the largest lot of Dress Goods ever brought to this section. In point of variety and quality these dress goods leave nothing to be desired. We are banking on our display in this line and will show them with no little pride. The stock is so large and saleable that we can consistently sell at a small margin of profit. Everybody in the county should make an early visit to our store for the special purpose of a good, long look at our Dress Goods.

Buchanan, Harrison & Co.

The Republican Senatorial convention met in the Courthouse, yesterday, to name a candidate for the State Senate. Though partaking more of the nature of a caucus than of a convention, the meeting was harmonious. When first called together the bosses had not decided upon a candidate and an adjournment was ordered for one hour. Before the hour had expired, however, it was decided to nominate Charles J. Gose, of Russell, by acclamation.

Upon reassembling the speakers agreed upon lost no time in getting in their remarks. The tenor of these remarks was to the effect that Tazewell county should, under no consideration, demand the candidate. It was put very nicely, however, and, while forced by Russell county, appeared to emanate from Tazewell generosity. The nominee is quite a young man, a son of the late Cowan Gose, and is said to be popular in his county. He is not a man, however, to make a marked success as a legislator. Mr. J. S. Browning, understood to be a kicker, was called upon for a speech, which gave him an opportunity to flop back. After the convention adjourned a meeting of the county Republicans was held, at which Sheriff Jno. W. Crockett was nominated as the candidate for the House of Delegates.

To see a local paper trying to puff and boom a town with its columns of local advertisements, is about as thin as trying to convince a sensible man that the moon is made of green cheese. The paper is the index to the town's energy and prosperity. The paper and the town work in unison—the town builds the paper and the paper builds the town. People are given to hitching their money-making schemes to the ear of public enterprise, and then cracking their whip over the newspaper to persuade it to join in pulling the load for the public good. The newspaper business is all right if conducted as the grocery business, but a poor business for the men who have to pay the bills if conducted on the principal of a charity hospital—and, indeed, a poor business for the town or city ambitious for the credit and the benefit of a good newspaper. It isn't politics that makes the successful paper, it's business.—Athens Democrat.

TAZEWELL HIGH SCHOOL.

This school for young ladies and gentlemen opened on Wednesday, with Prof. C. E. Kregloe, of Lexington, as principal; Miss Strayer, of Harrisonburg, as first assistant; Mrs. A. A. Spotts, of Tazewell, second assistant, and Miss Cabell, of Lewisburg, as music teacher. The school for last year catalogued 101 students and from present indications will have an attendance of 150 pupils this session. In this school, last session, Miss Cabell began without a student in the department of music, and closed the session with a class of 23. We congratulate the public on the establishment of such a school in our community.

EVEN CLAIBORNE KICKS.

"I am no young kicker. I have been kicking ever since the present plan of organization, and will continue to kick until the author and the plan of organization is buried, which will be on or about the 5th of next November. I say this because I believe it to be for the interest of the Republican party of the State and nation. I yield to no man so far as devotion to the principles and policies of the Republican party is concerned. I marshaled under her banner when it was first thrown to the breeze in old Virginia. I believed then, and believe now, that the happiness and prosperity of the people of the nation depended upon the success of the party. But never, in my opinion, will the flag float victoriously in Virginia with Gen. Mahone and his methods in the lead; and I, for one, will not go fishing on the day of election, but as a freeman and citizen of this great and glorious republic, will go to the voting place and cast my vote for Phil. McKinney."

THOS. B. CLAUDINE.

CONSUMPTION SURELY CURED.

To THE EDITOR—Please inform your readers that I have a positive remedy for the above named disease. By its use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their express and post-office address. Respectfully,

T. A. SLOCUM, M.C.,
181 Pearl St., New York.

SWIFT'S SPECIFIC cured me of ugly and very painful boils or risings. I had twenty-three on my back and neck at one time and a great many on my body. I took S. S. S., and two bottles cured me. This was five years ago, and have had no boils since.

W. M. MILLER,

Arlington, Texas.

cured him quick and permanently. The continued use of mercury mixtures poisons the system, causes the bones to decay, and brings on mercurial rheumatism. The use of S. S. S. forces impurities from the blood, gives a good appetite and digestion, and builds up the whole human frame. Send to Swift Specific Company, Drawer 3, Atlanta, Ga., for Treatise on Blood Diseases.

THE SWIFT SPECIFIC COMPANY, Drawer 3, Atlanta, Ga., offer a reward of one thousand dollars to any one who will find by analysis a particle of mercury, iodide of potash, or other poisonous substance in S. S. S.

Y. M. C. A.

It is earnestly requested that every member of the Y. M. C. A. at this place be present at our annual meeting to be held in the Methodist church on Friday, the 6th day of September at 7:30 p. m. At this meeting officers for the coming year are to be elected, and matters of great importance to the Association will be fully discussed.

This Association has now been organized about nine months, and we feel confident if those in our community who are interested in this good work, will encourage us with their presence, and aid us at this meeting, that we will be enabled to place the Association on a permanent footing.

We desire not only the members of the Association present, but cordially invite all who feel an interest in the welfare of the young men in our community. And we are especially desirous to see the ladies out.

By order of the Executive Committee.

B. W. STRAS, President.
R. B. GILLESPIE, Secretary.

NEEDING A TONIC, or children that want building up, should take
HOW'S YOUR BUTTER?
It is pleasant to take, cures Malaria, Indigestion, and Biliousness. All dealers keep it.

READERS OF THE NEWS.

The Southwest Virginia Improvement Company's store at Pocahontas has now on hand an immense stock of the latest designs in all grades of wall paper, and at prices that might command your patronage.

WHY SHE LOVED HIM.—O! say, Katie, for what are you smiling so at this? Now will you mind me, Mollie? My sweetheart, Dinis, had such a spell of cold and was ever after saying that I despaired of ever wedding him, but now, after taking Faulkner & Craighead's Compound Syrup of Horehound and Tar, Dinis is not only cured, but is able to do his work as usual. That's why I love him.

IF YOUR BACK ACHES
or you are all worn out, really good for nothing, it is general complaint. Try
HOW'S YOUR BUTTER?
It will cure you, and give you good appetite. Sold by all dealers in medicine.

THE DEMOCRATIC PLATFORM.

The Democratic party of Virginia, in convention assembled, proud of its past achievements, both in State and National affairs, pledges the same steadfast fidelity to the best interests of the people in the future, and declares to the people of Virginia:

First. We congratulate the people of Virginia that through the wise legislation and administration of the Democratic party the public schools have been preserved in efficient operation, and their accommodations extended; that the resources necessary for the conduct of the government in all of its departments has been secured, and the debt question has been put in train of final and acceptable settlement.

We would reprobate as mischievous to all interests the reopening of an issue which has been the source of so much embarrassment and vexation to the Commonwealth; and with the continuance of the party administration which has dealt with it ably and wisely, we confidently look to its speedy solution upon the lines of adjustment which the people have endorsed, and which their Democratic representatives have faithfully executed.

Second. The Democratic party founded the public school system of this Commonwealth. The present efficiency of the system is the result of Democratic laws and Democratic effort. We will care for and support the public schools until every child shall be able to secure the benefits of education. To this end we favor liberal appropriations by the Federal government, apportioned among the States in the ratio of the literacy of their population.

Third. The Democratic party regards the encouragement and fostering of agriculture as all important to the prosperity of Virginia, and that securing valuable emigrants is necessary to the full success of agriculture in the State. Therefore we declare that the Democratic party in its sympathies, its principles, and its policies is the friend of agriculture, and will by all proper legislation advance, foster and secure the agricultural interests in the State.

Fourth. The Democratic party has been, is, and will be the friend of the laborer. Its effort has ever been to dignify labor and elevate the man. As far as practicable it will prevent conflict between convict and honest labor. It is opposed to and will resist the introduction of foreign pa-

per labor, and we favor the collection of statistics by the Labor Bureau of the United States, and the consideration by it of all matters which tend to the improvement and advancement of the laboring classes.

Fifth. The Democratic party will foster the oyster industry of Virginia for the benefit of her own citizens, and favors the enforcement of the policy of preserving to her citizens the free use of all natural oyster rocks beds and shoals, as regulated by law, and will oppose the transfer or surrender of the public rights therein to individuals or corporations.

Sixth. The party renounces its adherence to the principles and policies on the tariff and internal revenue, so often enunciated in the platforms of the State and National conventions of the Democratic party and sustained by the voice of the people at the polls, and especially does it insist upon the immediate abolition of the tax upon tobacco and fruit brandies.

Seventh. The Democratic party of Virginia favors the complete reorganization and the free coinage of silver.

Eighth. We are in favor of a law requiring the agricultural institutions of the State to be placed under the control of practical farmers.

Ninth. We recommend a revision of the laws imposing taxes on land, with a view to relieving it of any unjust or unequal taxation now imposed upon it.

Tenth. We endorse the wise, patriotic and judicious administration of Governor Fitzhugh Lee.

Eleventh. We believe that the men who were disabled in the service of the State during the late conflict, between the States and the widows of those who lost their lives in such service are deserving of aid and protection, and we favor such liberal appropriations within the revenues of the State as will tend to this end.

Twelfth. While earnestly in favor of reforming the tariff upon just, conservative and economic principles, we recognize that the issues and conditions which confront us in Virginia in impending contest are of immeasurable more importance than tariff reform or the reduction of federal taxation, important as those questions are. Every business interest of the State, every social interest, every political interest, demands that the Democratic party—the party of the people, the party of peace, good order and good government—which has safely and wisely conducted the government of the State through the trying and troublous times of the past, shall be continued in power.

We oppose the Republican party as the party of boss rule. We oppose the Republican party as the party of sectional strife. We oppose the Republican party as the party of high taxes, of corrupt and extravagant expenditure of the public revenue, of unjust and oppressive treatment of the people of the Southern States—the creator of trusts and promoter of monopolies. We oppose the Republican party as the stirrer up of strife between the races, as the false friend of the colored race and the enemy of the white race; and we confidently submit the claims, the principles, and the candidates which we present to the judgment of an enlightened and patriotic people.

Kidney affections of years standing cured by Simmons Liver Regulator.
—J. W. Poynts.
A stitch in time. Take Simmons Liver Regulator and prevent sickness. Take Simmons Liver Regulator. One dose is worth 100 dollars.
If you want to enjoy your meals strengthen your digestion with Simmons Liver Regulator.
For horse colic Simmons Liver Regulator is known to be the best remedy.

When Baby was sick, we gave her Castor.
When she was a Child, she cried for Castor.
When she became Miss, she clung to Castor.
When she had Children, she gave them Castor.

THAS. LUNSFORD & CO.,

COMMISSION MERCHANTS,
NO. 1 OLD STREET,
PETERSBURG, VA.

Returns Promptly Made.
Correspondence solicited.

PETERSBURG SAVINGS & INSURANCE CO.

KING COLLEGE.

High Standard, Scholarly Faculty, Low Rates.

The degrees of B. L., B. S., B. A., and M. A. conferred, allowing a choice among several courses of study.

Expenses need not exceed \$175. Session begins September 5.

A fine Preparatory Department, taught by the regular Professors, is connected with the College.

The students will have all the advantages incident to a growing and industrious city as well as thorough instruction in their text books. Address the President,

H. W. NAPE, A. M.,
Bristol Tennessee.

TAZEWELL FEMALE SEMINARY.

THE FOURTH SESSION
Begins TUESDAY, SEPTEMBER 10, 1889

This institution offers superior advantages for the education and training of young ladies.

The faculty is selected from among the best educators to be employed.

Special inducements in Music, Art, Elocution and Calisthenics.

For Catalogue, address
MRS. R. B. GILLESPIE,
Tazewell C. H., Va.

IT ORIGINATED!

REMEMBER There is no other genuine Simmons Liver Regulator.

EMORY AND HENRY COLLEGE.

R. W. JONES, M. A., (University of Virginia) LL. D.,
President and Professor Chemistry.

REV. E. E. WILEY, M. A., (Wesleyan University) D. D.,
Treasurer and Financial Agent.

REV. E. LONGLEY, M. A., (Wesleyan University),
Professor Moral Science & English.

REV. J. A. DAVIS, M. A., (Emory and Henry College),
Prof. Physics, Botany & Astronomy.

G. W. MILES, Jr., M. A., (E. & H. College), Graduate Univ. Va.,
Professor Greek and German.

S. M. BARTON, Ph. D., (University of Virginia),
Professor Mathematics.

E. B. CRAIGHAD, A. M., (Central College, Mo.) Student in Vanderbilt University and the Universities of Paris and Leipzig.
Professor Latin and French.

WM. M. GILLESPIE, Tutor.

THE 53D ANNUAL SESSION
WILL BEGIN

September 5, 1889.

The last session was one of the best in the long and useful history of the College. The order and general behavior of students was excellent; moral and religious influences strong, and admirable progress generally was made in studies.

GYMNASIUM and WM. MORROW SCIENCE HALL are finished and beautiful additions to the already lovely grounds.

Work of rebuilding the burnt "BYARS HOUSE" is in progress and will be pushed to completion as rapidly as possible.

The new SOCIETY HALLS will be commodious and elegant.

In addition to subjects heretofore embraced in the courses, thorough practical instruction will be given in Analytical Chemistry, Determination of Minerals, Assaying, &c.

NO HEALTHIER OR MORE BEAUTIFUL PLACE, NO MALARIA.

No saloons, no occurrences to distract the minds of students, no safer place for boys and young men.—Charges very moderate. Every possible arrangement for the encouragement of young men of limited means.

For catalogue and special information apply to

R. W. JONES, Emory, Va.

THE 18TH ANNUAL FAIR

—OF THE—

T. A. & M.

ASSOCIATION!

—WILL BE HELD—

OCTOBER

1, 2 & 3, '89.

Large Premium List,

Big Trials of Speed

and Other Amuse-

ments.

It is proposed for this year to have the greatest Fair of all. More people will be here than ever before. They will come in coach and train loads from the east and from the west.

—LET THERE BE—
